

# Digital Audio CDs Now Available

## Technology is changing and so is the way the Arizona Bankruptcy Court records hearings.

Digital recording has taken the place of analog recording, for hearings held before Arizona Bankruptcy Judges.

The Court is using digital recording as the means of taking the official record and parties may purchase a compact disk to hear the audio of a bankruptcy proceeding.

The cost per disk is \$26.00 and checks should be made payable to Clerk, U.S. Bankruptcy Court. All Phoenix hearing requests should be made through the Phoenix Bankruptcy Court ECR department at **602-640-5800 Ext. ECR (327)**. All Tucson hearing request should be made through the Tucson ECR Department by calling 520-620-7500 ext 230 for hearings before Judge Marlar and ext 223 for hearings before Judge Hollowell.

(Over)

In order to access the audio on the disk obtained from the Court, you will need to download the FREE player software at [www.ftrgold.com/support/download.cfm](http://www.ftrgold.com/support/download.cfm).

Please note that this download is approximately 7.6 Mb and may take a while to download, if using a 56k modem or below.

**Minimum System Requirements:**

133 MHz Intel Pentium processor

24 Mb Ram

Microsoft Windows 95/98/2000 or Windows NT 4.0 (SP4 or better)

Windows compatible stereo sound card

speakers

4x speed CD Rom

Note: The procedure for ordering a transcript is unchanged by the incorporation of digital recording.
