

# Retrieving Stored Passwords in Internet Browser

## CHROME:

- Click your profile picture in the top right-hand corner of Chrome
- Select “Passwords”

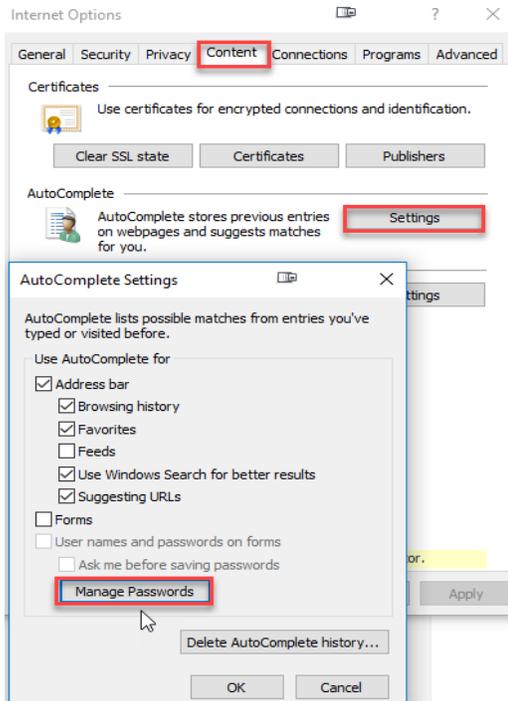

- You can also enter `chrome://settings/passwords` into a new tab and hit enter
- Saved passwords will be listed

# Retrieving Stored Passwords in Internet Browser

## INTERNET EXPLORER:

- In Internet Explorer, go to Tools>Internet Options>Content tab
- Under AutoComplete click Settings>Manage Passwords
- This will open Windows Credential Manager where the passwords will be displayed

## FIREFOX:

- In the upper right-hand corner select the profile icon for Firefox account
- Select Logins and Passwords; saved passwords will appear
